W.P.(C)NO.23995 OF 2007

DATED THIS THE 7th DAY OF AUGUST, 2007

JUDGMENT

The petitioners allege that the vehicles carrying sand covered by valid permits and passes are being intercepted by the respondents and they are harassing the petitioners, unjustifiably. The petitioners therefore seek the following reliefs.

> **"(i)** issue a writ of Mandamus commanding respondents 2 to 4 to enable and facilitate the discharge of statutory functions by the 1st respondent for enforcement of Minor Mineral Concession Rules 1967.
>
> (ii) issue a Writ prohibiting the respondents 2 to 4 and others working under them from seizing the vehicles of the petitioners and apprehending the same during the course of transport of sand from Vaikom to Ernakulam under the transport passes like Exhibits P3 and P3(a) issued by 1st respondent".

2. The learned Government pleader, on instructions, submits that there is absolutely no harassment on the part of the respondents. According to him, certain vehicles transporting sand are accompanied by passes in which there are blank spaces, which are filled up by the drivers, immediately, on apprehension of seizure of the vehicle. Those

spaces, according to the learned Government Pleader, are filled up in a different handwriting from that in the passes and only such vehicles are being intercepted by the respondents and no other kind of illegal interception is being made. This is recorded and the writ petition is closed.
